ARTICLE 5. PUBLIC UTILITY AUTHORITIES
TITLE 8-B. WATER AUTHORITY OF GREAT NECK NORTH

[as downloaded from Lexis by Stephen G. Limmer on June 4, 2010]

History:

Notes: Laws 1985, ch 795, § 1, eff Aug 1, 1985, provides:

Section 1. Legislative findings. The legislature hereby finds that the groundwater supply system presently operated by a private utility in the northern portion of the Great Neck peninsula is fragile and subject to episodic deficiencies of varying magnitude. The groundwater supply requires better management of its entire reserve both within and outside the water utility supply area as well as long range planning to provide protection of important watershed areas, water conservation, and prevention from contamination and salt water intrusion. Since the potable water for the northern portion of the Great Neck peninsula is derived from an aquifer which is the sole source of water for all of Long Island, the issues of contamination and conservation are of statewide concern. The problems of salt water intrusion facing the Great Neck peninsula, face many other peninsulas on Long Island and many of the barrier islands. It is hoped that the authority created by this act will not only protect, preserve and enhance the quality and quantity of the water within its supply area, but that it will also serve as a model and as a leader in fostering cooperation with other water suppliers to better manage, conserve and protect the groundwaters within and outside its supply area.

Bonds may be sold at public sale or at private sale for such price or prices as the authority shall determine, provided that no issue of bonds may be sold at private sale unless the terms of such sale shall have been approved in writing by:
 - (a) the comptroller, where such sale is not to the comptroller, or
 - (b) the director of the division of the budget of the state, where such sale is to the comptroller.
4. Any resolution or resolutions authorizing bonds or any issue of bonds by the authority may contain provisions which may be part of the contract with the holders of the bonds thereby authorized as to:

- (k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not

be inconsistent with the general laws of the state and other provisions of this title;

5. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to enter into such agreements as the authority may deem necessary, consistent or desirable concerning the use or disposition of its revenues or other moneys or property, including remarketing agreements or other similar agreements for the bonds, the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys, or property and the doing of any act, including refraining from doing any act, which the authority would have the right to do in the absence of such agreements. The authority shall have power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

6. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.
7. Whether or not the bonds of the authority are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.
8. Neither the members of the board of directors nor the officers of the authority nor any person executing bonds shall be liable personally thereon or be subject to any personal liability or accountability solely by reason of the issuance thereof.
9. The authority, subject to such agreements with bondholders as then may exist, shall have power out of any moneys available therefor to purchase bonds of the authority in lieu of redemption, at a price not exceeding:
 - (a) if the bonds are then redeemable, the redemption price then applicable, plus accrued interest to the next interest payment date,
 - (b) if the bonds are not then redeemable, the redemption price then applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date.
10. The authority shall have power and is hereby authorized to issue negotiable bond anticipation notes in conformity with applicable provisions of the uniform commercial code and may renew the same from time to time but the maximum maturity of any such note, including renewals thereof, shall not exceed five years from the date of issue of such original note. Such notes shall be paid from any moneys of the authority available therefor and

not otherwise pledged or from the proceeds of sale of the bonds of the authority in anticipation of which they were issued. The notes shall be issued in the same manner as the bonds and such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which the bonds or bond resolution of the authority may contain. Such notes may be sold at public sale or, upon the approval of the comptroller of the terms thereof, at private sale. Such notes shall be as fully negotiable as the bonds of the authority.

§ 1197-h. Remedies of bondholders

1. In the event that the authority shall default in the payment of principal or interest on any issue of the bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title, or shall default in any agreement made with the holders of any issue of the bonds, the holders of twenty-five per centum in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the applicable county and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purposes herein provided.

All deposits of such moneys shall be secured by obligations of or guaranteed by the United States of America or of the state of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits.

The bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of the state is now or hereafter may be authorized.

§ 1197-l. Agreement with the state

The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title that the state will not alter or limit the rights hereby vested in the authority to fulfill the terms of any agreement made with or for the benefit of the holders of bonds or in any way impair the rights and remedies of bondholders until the bonds together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with bondholders.

§ 1197-m. Exemption from taxes, assessments and certain fees; payments in lieu of taxes

1. It is hereby determined that the creation of the authority and the carrying out of its corporate purposes is in all respects for the benefit of the people of the state and is a public purpose, and the authority shall be regarded as performing a governmental function in the exercise of the powers conferred upon it by this title and shall not be required to pay any taxes, special ad valorem levies or special assessments upon any real property owned by it or any filing, recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf.
2. The authority may pay, or may enter into agreements with any municipality to pay, a sum or sums annually or otherwise or to provide other considerations to such municipality with respect to real property owned by

5. Notwithstanding the above, nothing herein shall prevent the state from assessing a tax or surcharge against the water customers based on their water consumption, provided, however, that all such taxes and surcharges and the authority's obligation to collect and pay such taxes and surcharges shall be subordinate to the rights of holders of all of the authority's bonds and notes and to the payment of principal, premiums if any, and interest thereon.

§ 1197-n. Actions against the authority

1. Except in an action for wrongful death, no action or proceeding shall be prosecuted or maintained against the authority for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence or wrongful act of the authority or any member, officer, agent or employee thereof, unless:

 3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel, or an attorney, officer or employee thereof designated for such purpose, concerning such account or claim and when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.
 4. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment against the authority on bonds, shall not exceed six per centum per annum. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the date thereof until paid or otherwise satisfied.

§ 1197-o. Conflicts of interest of members of the board of directors and officers and employees of the authority

No member of the board of directors or officer or employee of the authority shall have any interest in any contract, or take any action or otherwise involve himself or herself in any activity which, pursuant to article eighteen of the general municipal law, would be deemed a conflict of interest for a municipal officer or employee holding a position with a municipality similar to the position held by the member, officer or employee with the authority.

It shall not be deemed a conflict of interest for a person to simultaneously hold positions as a member and as an officer of the authority.

§ 1197-p. Construction and purchase contracts

The authority shall let contracts for construction or purchase of supplies, materials, or equipment pursuant to section one hundred three of the general municipal law. Nothing in this section shall be construed to limit the power of the authority to do any construction directly by the officers, agents and employees of the authority or to contract with a public utility, for a term not to exceed five years, for the operation and maintenance of a water supply system acquired from said public utility.

§ 1197-q. Authority; affirmative action

1. All contracts for design, construction, services or materials for water projects authorized by this title shall require that such contracts and documents soliciting bids or proposals therefor shall contain or make reference to the following provisions:
 - (a) The contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability, or marital status, and will undertake or continue programs of affirmative action to insure that minority group persons and women are afforded equal employment opportunity without discrimination. Such action shall be taken with reference, but not be limited to recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, rates of pay or other forms of compensation, and selections for training or retraining, including apprenticeship and on-the-job training.
 - (b) At the request of the authority, the contractor shall request each employment agency, labor union, or authorized representative of workers with which he or she has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative shall not discriminate because of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will cooperate in the implementation of the contractor's obligations hereunder.
 - (c) The contractor will state, in all solicitations or advertisements for employees placed by or on behalf of the contractor, in performance of the contract that all qualified applicants will be afforded equal employment opportunity without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

- (d) The contractor will include the provisions of paragraphs (a) through (c) of this subdivision in every subcontract or purchase order in such a manner that such provisions will be binding upon each subcontractor or vendor as to its working connection with a contract.
2. The authority shall establish procedures and guidelines to ensure that contractors and subcontractors undertake programs of affirmative action as required by this section. Such procedures may require, after notice in a bid solicitation, the submission of an affirmative action program prior to the award of any contract, or at any time thereafter, and may require the submission of compliance reports relating to the operation and implementation of any affirmative action program adopted hereunder. Such procedures and guidelines shall be consistent with the guidelines promulgated by the office of federal contract compliance programs of the United States department of labor pursuant to presidential executive order eleven thousand two hundred forty-six, as amended, and any state statutory or regulatory requirements. The authority shall, in the promulgation of procedures and guidelines pursuant to this section, cooperate with any federal, state or local agency established for the purpose of implementing affirmative action compliance programs.
 3. The authority shall seek meaningful participation in the performance of contracts by minority business enterprises and shall establish measures and procedures to identify those contracts and items of work for which minority business enterprises may best bid to actively and affirmatively promote and assist their participation so as to facilitate the award of a fair share of contracts to such enterprises. For purposes hereof, "minority business enterprise" shall mean any business enterprise which is at least fifty-one per centum owned by, or in the case of a publicly owned business, at least fifty-one per centum of the stock of which is owned by citizens or permanent resident aliens who are Black, Hispanic, Asian, American Indian or women, and such ownership interest is real, substantial and continuing. The provisions of this subdivision shall not be construed to limit the ability of any minority business enterprise to bid on any contract.
 4. In the implementation of subdivisions two and three of this section, the authority shall consider compliance by any contractor with the requirements of any federal, state or local law concerning minority business enterprises or equal employment opportunity, which may effectuate the requirements of this section. If the authority determines that by virtue of the imposition of the requirements of any such law, in respect to contracts affected by this section, that the provisions thereof duplicate or conflict

with such law, the authority shall waive the applicability of this section to the extent of such duplication or conflict.

5. In order to implement the requirements and objectives of this section, the authority shall be responsible for monitoring the contractors' compliance with the provisions hereof, for advising contractors on the availability of competing qualified minority business enterprises to perform contracts proposed to be awarded and for making recommendations to contractors to improve the access of minority business enterprises to such contracts.

§ 1197-r. Separability clause

If any section, clause or provision in this title shall be held by a competent court to be unconstitutional or ineffective in whole or in part, to the extent that it is not unconstitutional or ineffective, it shall be valid and effective, and no other section, clause or provision shall on account thereof be deemed invalid or ineffective.

§ 1197-s. Effect of inconsistent provisions

Insofar as the provisions of this title are inconsistent with the provisions of any other law, general, special or local or of any charter or any local ordinance or resolution of any municipality the provisions of this title shall be controlling, provided that nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Nothing contained in this title shall be held to alter or abridge the powers and duties of the department of environmental conservation or the department of health.

§ 1197-t. Acquisition by eminent domain

Notwithstanding any provision of the eminent domain procedure law to the contrary, in any proceeding brought by the authority pursuant to said law, title shall vest in the authority and compensation shall be paid only

- (a) upon a decision by the supreme court that compensation for the property so condemned shall be determined solely by the income capitalization method of valuation, based on the actual net income as allowed by the public service commission, and
- (b) upon such court's determination of the amount of such compensation, based upon the income capitalization method, entry of the final judgment, the filing of the final decree, and the conclusion of any appeal or expiration of the time to file an appeal related to the condemnation proceeding. Should

any court determine that a method of compensation other than the income capitalization method be utilized, or if the proposed award is more than the rate base of the assets taken in condemnation as utilized by the public service commission in setting rates and as certified by the public service commission, the authority may withdraw the condemnation proceeding without prejudice or costs to any party.
